

Guidelines on WhatsApp Group Chats

1. Be polite and respectful to all.
2. Avoid personal issues or complaints about anyone or the school. These are better addressed directly with the school or person involved directly.
3. If your message is for a specific person, message the person directly.
4. Avoid jokes, quotes or messages which are irrelevant. Important messages may get lost in them.
5. Do not forward images and videos which are violent or sexual in nature.
6. Avoid posting messages between 8pm and 6am.
7. Posting messages on weekends is strongly discouraged.
